

XFINITY® Home

Connected. Protected. Home.

Get peace of mind with a total security and automation solution.

Whether you're leaving for work or vacation, or just staying home for the night, you can be confident everything is secured with XFINITY Home. You can look after your family and home — and control your system from anywhere — with the easy-to-use XFINITY Home app. Now available in Spanish, too!

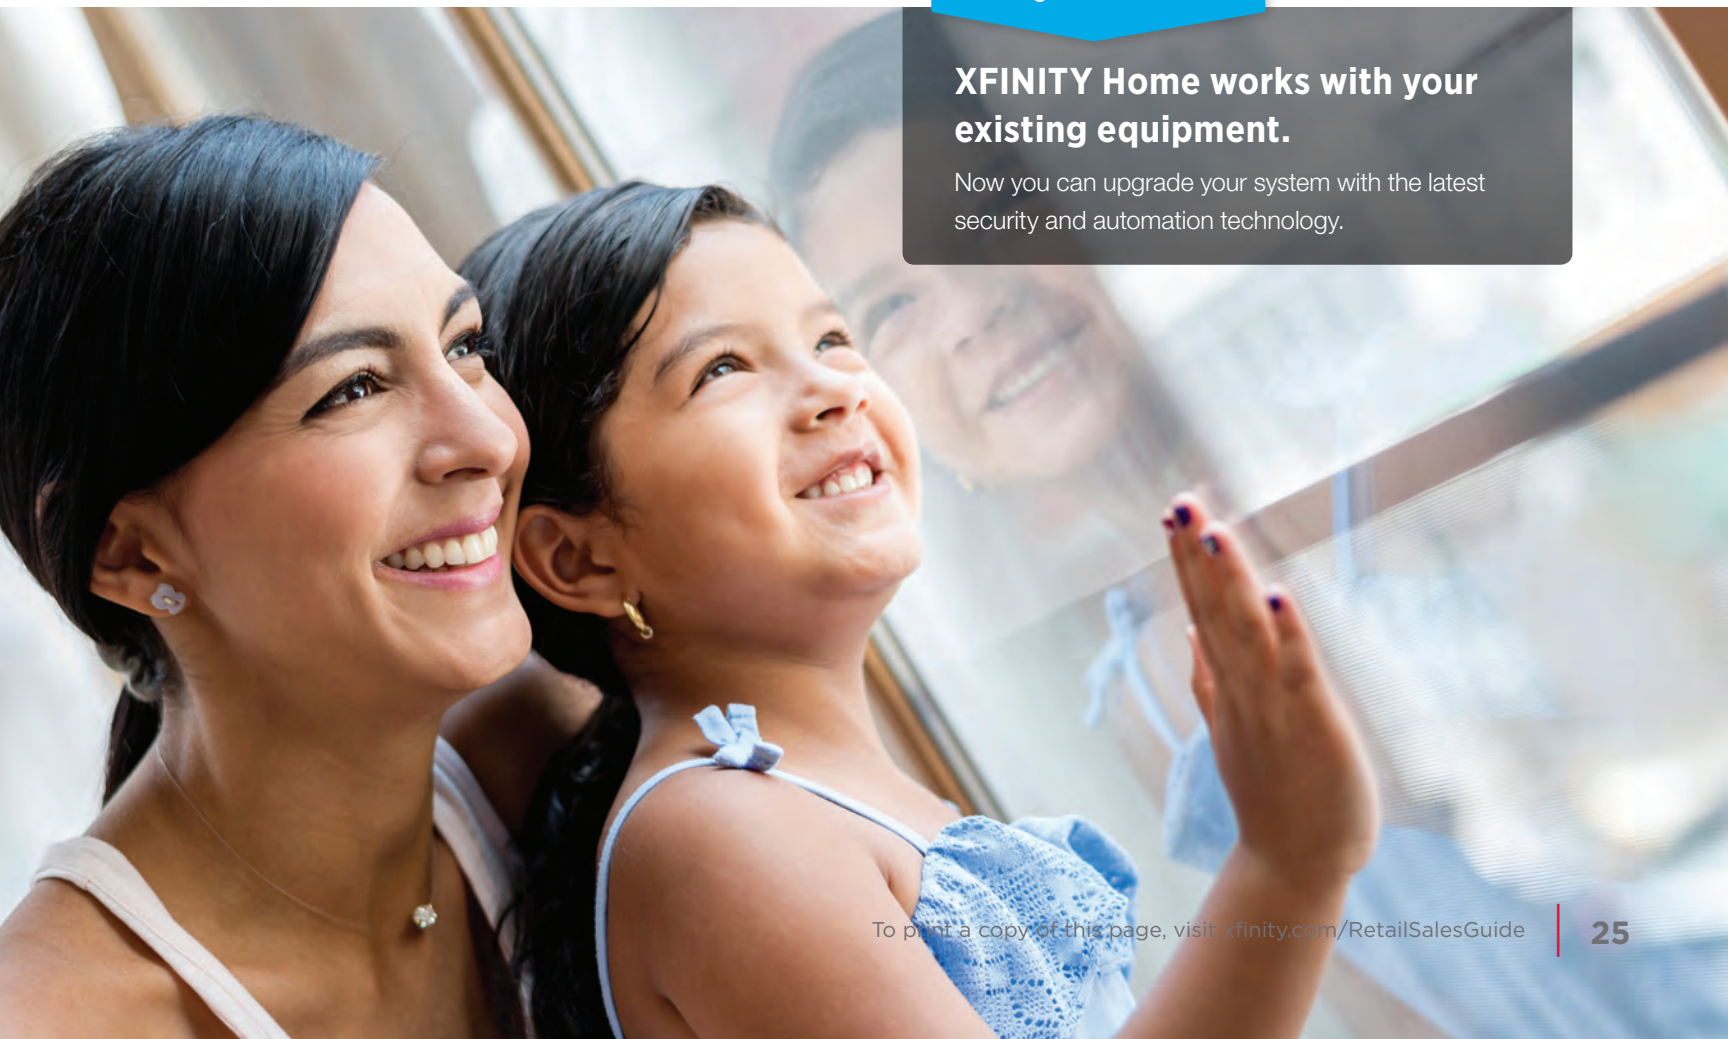

Advanced technology that acts like an extra set of eyes and ears on the home.

- 24/7 professional monitoring is on a secure network that can be armed and disarmed remotely.
- Real-time text and email alerts indicate when doors and windows are opened or motion is detected.
- Remote live video monitoring lets you check in on your home from anywhere.
- Manage and control home settings from anywhere on a computer, tablet or smartphone.

Did you know?

XFINITY Home works with your existing equipment.

Now you can upgrade your system with the latest security and automation technology.

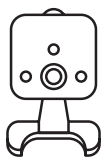

Did you know?

Customers can save money with EcoSaver™.

This advanced technology learns your home temperature preferences and then programs itself to help you save up to 10% on your energy bills.

Build an XFINITY® Home system with customizable equipment options.

A starter set includes over \$600 of equipment, including 1 Motion Sensor, 3 Door/Window Sensors, 1 Touchscreen Controller and 1 Wireless Keypad. Then customers can add pieces to create the perfect system for their household, with settings that fit their lifestyle.

Indoor/Outdoor Camera

Provides live video monitoring and video clips online, or via email anytime your door or window is opened.

Thermostat

Learns your home energy usage with EcoSaver™ Smart Technology, and makes adjustments based on your preferences. Save up to 10% on home energy bills!

Motion Sensor

Provides an added layer of protection by monitoring motion in rooms or hallways throughout the home.

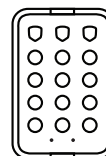

Outlet Controller

Allows you to turn lights and small appliances on and off from anywhere.

Door/Window Sensor

Provides alerts when doors or windows are opened.

Keypad

Arms and disarms your system. Can be conveniently mounted anywhere in your home.

XFINITY® Home can use, certify and warranty your existing equipment and upgrade your system with the latest security and automation technology.

Smart XFINITY® Home features

Develop rules based on preferences.

Know when somebody comes home with a text alert when the front door is opened.

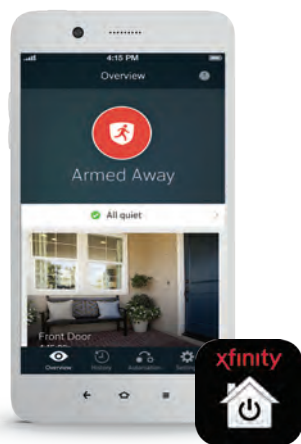

Never enter a dark room again by scheduling the living room light to turn on at sundown.

Receive video clips when the motion sensor is activated.

NEW 24/7 Video Recording

XFINITY Home now offers 24/7 video recording that saves the past 10 days of footage in the cloud. Review, download and create video clips that you can save and share with others.

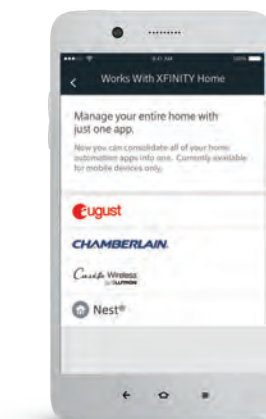

XFINITY Home app

- Remotely arm and disarm the system.
- Receive real-time text and email alerts.
- Access live video monitoring*.
- Turn lights on or off*.

*Requires additional equipment.

Restrictions apply. Not available in all areas. Limited to residential customers. Two-year term agreement required for XFINITY Home Secure services. Equipment value based on retail price.
